What are We Learning:

We will begin learning about community helpers and our community. We will talk about some common jobs and why people work. We will be exploring many different jobs, including firefighters, mail carriers, dentists, police officers, doctors, teachers, and many more.

We will celebrate **Valentine's Day** at school with our little **class party Friday, Feb. 14.**

We will continue to work on spreading kindness to all. This is very important to us here at SIS.
