

Preschool April Newsletter

What are We Learning:

In April, we will be working on many literacy, math, and science skills using the themes of spring, New Life, bugs/Insects, and butterflies.

We we will be studying the Life Cycles of plants, butterflies, chicks, and frogs.

We will learn about some ways that we can help take care of the Earth.

We will count and compare sets using "more, less, and the same."

We will begin blending CVC words together, and work with rhyming words.

We will continue to learn about Rainbows, Spring time, and Easter.

We will continue to practice ways to stay healthy and be safe at school and at home.

Reminders:

The Preschool children will receive 1 more Report Card and Skills Assessment update before the end of the year.

This is usually done in April, but due to our stay at home learning time, we may have to wait until May.

Happily Ever After:

If we do return to school in April, we will read, "Tug of War"

Letters: R r, S s, T t,

Colors: White, Pink

Review Shapes

Although we are behind in Happily ever After, with the stories, the skills are being taught throughout the year, and just emphasized during each unit.

Religion:

We will learn about the special food that Jesus gives to us at the Last Supper.

We will celebrate Easter and New Life during April.

We will learn how we can all help to take care of the Earth and all of the gifts that God gives to us.

Important Dates:

Since we do not know when we will be able to return to school, we really can not plan any important dates moving forward. We will hold off on upcoming dates until we have a return to school date.

Stay well. Take care. Be kind. Have fun. Spread the SONShine!! :)
